

PORT OF HOOD RIVER COMMISSION
Thursday, June 23, 2016
Marina Center Boardroom
5:00 P.M.

Work Session 5:00 P.M. – 6:00 P.M

1. Hood River Bridge Replacement Project Work Session #1 *(Michael – Page 3)*

Regular Session Agenda

1. Call to Order
 - a. Modifications, Additions to Agenda
 2. Public Comment (5 minutes per person per subject; 30 minute limit)
 3. Consent Agenda
 - a. Approve Minutes of June 7, 2016 Regular Session and June 14, 2016 Special Session *(Laurie – Page 5)*
 - b. Approve Accounts Payable to Jaques Sharp Attorneys at Law in the Amount of \$6,346 *(Fred – Page 11)*
 4. Director’s Report *(Michael – Page 15)*
 5. Commissioner, Committee Reports
 - Urban Renewal – Commissioners Davies and Streich (June 13)
 6. Action Items
 - a. Approve Resolution No. 2015-16-10 Authorizing Budget Transfer for FY 2015-16 *(Fred – Page 23)*
 - b. Approve Resolution No. 2015-16-11 Revising Governance Policy to Designate Marina Ad-hoc Committee as a Standing Committee and Retain Current Membership *(Michael – Page 47)*
 - c. Approve Contract with Centrex Construction Inc., for Installation of New Maintenance Hangar Door Not to Exceed \$[TBD] *(Anne – Page 55)*
 - d. Approve Contract with A&E Heating for DMV Building HVAC Not to Exceed \$13,000 *(Anne – Page 57)*
 - e. Approve Contract with A&E Heating for Halyard Building Suite 104 HVAC Connection Not to Exceed \$[TBD] *(Anne – Page 63)*
 - f. Approve Contract with Aset Advanced Security & Electrical Technology, Inc. for Bridge Cameras Not to Exceed \$15,000 *(Fred – Page 65)*
 - g. Approve Contract with Schott and Associates for Wetland Mitigation Permitting Services Not to Exceed \$11,500 *(Anne – Page 73)*
 - h. Approve Contract with Vista GeoEnvironmental for Engineering Services Related to Wetland Mitigation Not to Exceed \$[TBD] *(Anne – Page 73)*
 7. Commission Call
-
9. Executive Session under ORS 192.660(2)(e) Real Estate Negotiations and ORS 192.660(2)(h) Legal Counsel Regarding Current Litigation or Litigation Likely to be Filed
 10. Possible Action
 11. Adjourn

If you have a disability that requires any special materials, services, or assistance, please contact us at 541-386-1645 so we may arrange for appropriate accommodations.

*The chair reserves the opportunity to change the order of the items if unforeseen circumstances arise. The Commission welcomes public comment on issues not on the agenda during the public comment period. With the exception of factual questions, the Commission does not immediately discuss issues raised during public comment. The Commission will either refer concerns raised during public comment to the Executive Director for a response or will request that the issue be placed on a future meeting agenda. People distributing copies of materials as part of their testimony should bring **10 copies**. Written comment on issues of concern may be submitted to the Port Office at any time.*

Commission Memo

Prepared by: Michael McElwee
Date: June 23, 2016
Re: Work Session: Bridge Replacement

The Commission has identified planning for bridge replacement to be a high priority for the remainder of the year and the need for ample time for the Commission to discuss this complicated matter. This meeting constitutes the first of a series of work sessions intended help formulate a winnable bridge replacement strategy. Any such strategy would include a myriad of financial, political and technical components. The following provides an outline for discussion:

A. Project Delivery

1. Port Development & Ownership
 - a. Phased, Hard Bid
 - b. Immediate Initiation, Hard Bid
 - c. Immediate Initiation, Design/Build
2. ODOT Project Management & Ownership
3. WDOT Project Management & Ownership
4. Bi-State Bridge Authority for Project Management/Ownership
5. Private Entity Project Management/Ownership
6. Port/Private Partnership for Project Management/Ownership

B. Financing

- Federal (FastLane)
- OR/WA State Transportation Funds
- TIFIA Loan
- Toll Revenue
- Port Equity/Debt
- Private Equity

C. Project Costs

- FEIS

- ROW Acquisition
- Engineering
- Project Management
- Permitting
- Construction Management
- Construction
- Port Replacement Revenue

D. Project Advocacy

- Paid (State & Federal)
- OneGorge
- Local Elected Officials
- Business Community

Recommendation: For Discussion.

**Port of Hood River Commission
 Meeting Minutes of June 7, 2016 Regular Session
 Marina Center Boardroom
 5:00 P.M.**

THESE MINUTES ARE NOT OFFICIAL until approved by the Port Commission at the next regular meeting.

Present: Commissioners Jon Davies, Fred Duckwall, Rich McBride, and Brian Shortt; Legal Counsel Jerry Jaques; from staff, Fred Kowell, Anne Medenbach, Genevieve Scholl (excused at 5:40 p.m.), John Mann (excused at 5:55 p.m.), and Laurie Borton

Absent: Commissioner Hoby Streich; from staff, Michael McElwee

Media: None

1. CALL TO ORDER: The meeting of the Port of Hood River Commission was called to order at 5:00 p.m. by President Brian Shortt.

a. Modifications, Additions to Agenda: There was consensus to modify the order of presentations and action items to accommodate guests.

4. Reports, Presentations and Discussion Items

a. HRVHS Internship Report – Payton Rigert: Rigert, who has been working with Communications & Special Projects Manager Genevieve Scholl, reported on her activities at the Port during the past four months. Rigert stated that she enjoyed the time and had learned a lot about the Port. Scholl commented that Rigert had scanned a large number of historical photos for a “then and now” series and wrote an article on the Lower Mill project that had been posted to the Port’s website and Facebook account. In appreciation, Scholl presented Rigert with a Port t-shirt and hat along with a Certificate of Appreciation signed by Commission President Shortt.

2. PUBLIC COMMENT: Jon Laraway spoke about the need for signage in the boat launch parking indicating that the longer stalls should be used for vehicle-boat trailer parking only.

3. CONSENT AGENDA:

- a. Approve minutes of May 24, 2016 Regular Session meeting
- b. Approve contract with Hood River Painting for Chamber Building deck and rail painting not to exceed \$10,500

Motion: Move to approve Consent Agenda.

Move: Duckwall

Second: McBride

Vote: Aye: Davies, Duckwall, McBride, and Shortt

Absent: Streich

MOTION CARRIED

5. DIRECTOR’S REPORT: In the absence of Executive Director Michael McElwee, Chief Financial Officer Fred Kowell presented the Executive Director’s Report, highlighting the following items: McElwee is in Philadelphia to meet with bridge insurers; engineering intern Andrew Porter will begin work on June 20; ED evaluation materials will be distributed to the Commissioners at the next meeting; trenching on the Marina Green to relocate the new power conduit will begin by the end of the week; Lost & Found bins are now in place at the Event Site; two dinghy storage floats have been installed on the South Basin Dock by the Hood River Yacht Club; NBW Hood River (Naito Development) has not communicated with the Port regarding concerns that the new concrete pedestrian/bike path was not poured according to specifications; Hood River County Planning accepted the Airport Master Plan and a Comprehensive Plan Amendment will not be required; communications continue with the U.S. Coast Guard regarding efforts to restore operability to the bridge lift span; and repair of approximately 220 feet of bridge guardrail was completed in one day. Staff then provided a PowerPoint presentation of photos and video clips associated with the traffic reroute across the Interstate Bridge the afternoon and evening of June 3 due to a train derailment in Mosier. A claim for lost revenue for waived tolls and replacement costs for containment booms will be submitted for reimbursement. Maintenance, tollbooth, and office staff was commended for their coordination efforts.

6. COMMISSIONER, COMMITTEE REPORTS: None.

7. ACTION ITEMS:

a. Approve Resolution 2015-16-9 Adopting the FY 2016-17 Budget of \$21,219,900 and the Assessed Tax Rate of \$0.0332 per \$1,000 of Assessed Value: Kowell mentioned the budget to be approved does reflect a \$40,000 increase for state advocacy efforts.

Motion: Move to approve Resolution 2015-16-9 adopting the FY 2016-17 budget of \$21,219,900 and the assessed tax rate of \$0.0332 per \$1,000 of assessed value within the district.

Move: Duckwall

Second: Davies

Vote: **Aye:** Davies, Duckwall, McBride, and Shortt

Absent: Streich

MOTION CARRIED

b. Approve Contract with DKS Associates for Bridge Signage Plan Not to Exceed \$22,600: Work under this project will provide a plan for signage, including permanent and mobile signage and costs, for both sides of the bridge. This engineering effort will be required in order for the Departments of Transportation for Oregon and Washington to approve placement of signs. Because the Scope of Work was not clearly defined in the draft contract, action on this item was deferred to the next meeting.

d. Authorize Contract with Parsons Brinkerhoff for Lift Span Engineering Services Not to Exceed \$40,000: There are two engineering firms with relevant experience with vertical lifts on bridges—Parsons Brinkerhoff (“PB”) and Stafford Bandlow (“SB”). Entering into a contract will allow the Port to move forward more quickly in addressing U.S. Coast Guard concerns about efforts to restore the operability of the lift span. SB is currently under retainer by Chubb as part of their subrogation team associated with the bridge allision claim; they have conducted on-site investigations and are familiar with the mechanical and electrical operations of the bridge. SB engineers are available and can be deployed in a very short time; however, until the outcome of the insurance claim is known, staff is recommending a contract with PB. Kowell noted the contract would be contingent upon the outcome of McElwee’s meetings in Philadelphia.

Motion: Move to authorize contract with Parsons Brinkerhoff for lift span engineering services not to exceed \$40,000 plus reasonable reimbursable expenses.

Move: McBride

Second: Duckwall

Discussion: Attorney Jaques raised a question about a contract that was contingent upon meeting outcomes.

Amended Motion: Move to authorize contract with Parsons Brinkerhoff for lift span engineering services not to exceed \$40,000 plus reasonable reimbursable expenses, contingent upon advisement of Executive Director

Motion: McBride

Second: Duckwall

Vote: **Aye:** Davies, Duckwall, McBride, and Shortt

Absent: Streich

MOTION CARRIED

c. Approve Contract with Hood River Soaring for Glider Concession at the Airport: Anne Medenbach, Development & Property Manager, introduced Paul Woolery, who started Hood River Soaring, a 501(c)3 non-profit organization that would like to enter into a concession agreement at the Ken Jernstedt Airfield. Members will pay an annual fee for use of two gliders that are owned/leased by the club and scenic flights to the public will be offered for a fee. Tac-Aero, the airport FBO, will be hired by the club to tow the gliders. Medenbach said the club would like a concession for this season (through October) after which they will re-assess the season and an application for next

year would be expected. Woolery, who was later joined by club treasurer Kelly Cooper, spoke about program goals for the membership, ranging in age from 15-65, and answered questions from the Commission.

- Motion:** Move to approve glider concession agreement with Hood River Soaring at the Ken Jernstedt Airfield.
- Move:** Duckwall
- Second:** Davies
- Discussion:** Shortt inquired about the concession fee, with Medenbach responding the fee was \$500 for the concession term (through October 31, 2016). Woolery inquired if the Commission would consider either prorating or waiving the fee since they had a small budget. Shortt acknowledged there is Commission support for youth programs but with adult membership the Commission would need to consider what was reasonable. Davies recommended moving forward to allow the concession with staff negotiating the concession fee for the 2016 season and bringing that information back to the Commission.
- Vote:** **Aye:** Davies, Duckwall, McBride, and Shortt
Absent: Streich

MOTION CARRIED

8. COMMISSION CALL: Duckwall reported that he would not be available to attend the June 21 meeting; Shortt also said that he would not be available. Staff will get back to the Commissioners with optional dates. Davies commented on the Hood River Soaring glider discussion suggesting a fee of \$10 per adult membership or a \$50 credit per student membership. McBride spoke to the Commission from the podium regarding the June 3 train derailment to advocate for a ban on fossil fuel transportation through the Gorge and he urged staff to obtain copies of resolutions from other public entities and present an actionable item to the Commission. Shortt commended staff for the variety of responses to the traffic reroute across the bridge due to the train derailment—he viewed the actions as professional and first class—and he would like to have all who were involved invited to a Commission meeting for recognition.

9. EXECUTIVE SESSION: Regular Session was recessed at 6:22 p.m. to call the Commission into Executive Session under ORS 192.660(2)(e) Real Estate, ORS 192.660(2)(f) Exempt Public Records, and ORS 192.660(2)(h) Legal Counsel Regarding Current Litigation or Litigation Likely to be Filed. The Commission was called back into Regular Session at 6:45 p.m.

10. POSSIBLE ACTION: No action was taken as a result of Executive Session.

11. ADJOURN: At 6:45 p.m. there was unanimous approval for a motion from Commissioner Davies to adjourn the meeting.

Respectfully submitted,

Laurie Borton

Executive Director's Report

June 23, 2016

Staff & Administrative

- I will be taking a family vacation to Colorado from June 27 through July 7.
- President Shortt and Genevieve Scholl will attend the PNWA mid-year conference June 27-29 in Walla Walla.
- Our next Commission meeting is scheduled for July 12. Staff recommends rescheduling that meeting to July 19.
- Engineering intern Andrew Porter began work on June 20.
- Executive director performance review materials will be distributed to Commissioners early in the week of June 27 instead of June 23. Please be prepared to return these to Jerry's office by July 7 so that Jerry can compile the scores and comments for distribution at the July 19 meeting.
- During their June 20 meeting, the Hood River County Commission passed a resolution in support of the Port's bridge replacement efforts, thereby expressly including the bridge replacement project in the County Transportation System Plan (TSP).

Recreation/Marina

- Trenching and excavation work on for the new power conduit around Marina Green continues. Some setbacks were encountered but also some very positive news that will reduce the extent of trenching.
- The vessel American Pride pushed up against the east end of the Marina Breakwater on July 20 to offload passengers. The vessel is too large to enter the Marina and this location provides a reasonable alternative for that particular vessel. They are scheduled to return on August 17.
- The new Lost & Found procedures are now finalized. The bins for low value items are installed at the Event Site.
- Mr. Jurgen Hess has provided a letter with concerns about the amount of signage on the waterfront. His letter is attached.

Development/Property

- Utility work at the Lower Mill commenced on June 21.
- The Lot 1 Pre-application meeting was held with the City on June 14. The potential for private streets is a primary issue identified.

Airport

- I participated in an extensive tour of the Airport on June 20 conducted by the Port's Jay Cruz-Bravo. It is remarkable how much property Port staff maintains and how well they do it.
- The final Connect VI Review Committee has ranked our "Aviation Technology and Emergency Response Center" proposal 15th out of 75 applications. This decision places the project in a very good position for funding. The final decision is made by the OTC.

Bridge/Transportation

- As you know, I met with Chubb executives and their subrogation engineers on June 8 in Philadelphia. A draft release has been received and is being reviewed by counsel. I will provide a further update at the meeting.
- I testified to the Oregon Transportation Commission on June 16. My testimony is attached.
- I attended a hearing of the Joint Legislative Committee on Transportation in Portland on June 13 regarding bridge replacement efforts. Unfortunately, along with about 30 others, I was not able to testify due to the limited time available. The next Committee meeting is June 29 in Hermiston. Genevieve is available to attend and will testify at that hearing.
- A draft letter to the Governor regarding challenges and opportunities of Bridge replacement will be distributed at the meeting for review and direction from the Commission.
- Bridge deck replacement panels will be installed by Port staff and Bulldog Welding overnight on June 22/23.
- The June 3 oil train derailment resulted in about \$12,000 damages to the Port. We are seeking the proper avenue to make this claim.

BEFORE THE BOARD OF COMMISSIONERS
HOOD RIVER COUNTY, OREGON

IN THE MATTER OF SUPPORT FOR)
HOOD RIVER BRIDGE REPLACEMENT PROJECT) RESOLUTION NO. 2107

WHEREAS, Hood River County recognizes that the Hood River/White Salmon Interstate Bridge is a critical facility providing one of only two Columbia River crossings in the County; linking three National Highway System corridors: Interstate 84, Oregon Hwy 35, and Washington State Route 14; and

WHEREAS, The Hood River County Board of commissioners recognize that the 92-year old steel truss bridge is structurally deficient, functionally obsolete, and nearing the end of its serviceable life; and

WHEREAS, The Hood River County Board of Commissioners recognize that the potential failure or closure of the bridge would have severe social and economic impacts on the interdependent, bi-state communities of the Columbia River Gorge National Scenic Area; and

WHEREAS, The extremely narrow lane widths of the existing bridge adversely affect emergency response times and public safety during transportation emergencies and extreme congestion caused by detours of I-84 freeway traffic across the bridge; and

WHEREAS, The Hood River County Board of Commissioners recognize that the horizontal width under the bridge lift span is poorly aligned, insufficient, and dangerous for the commercial cargo barges navigating the federal inland waterway; and

WHEREAS, The Hood River County Board of Commissioners support the development of a new bicycle/pedestrian, multi-modal facility crossing the Columbia River between Hood River and Bingen/White Salmon, included in the current replacement bridge design concepts; and

WHEREAS, The Hood River County Transportation System Plan (TSP) references bridge replacement and the County Comprehensive Plan includes a directive to “participate in efforts to explore the need for and feasibility of long-term [bridge] improvements;” and

WHEREAS, The Hood River County Board of Commissioners support the efforts of the Port of Hood River Board of Commissioners to seek local, state, and federal funding partnerships to complete the final pre-construction and construction phases of a new, replacement bridge;

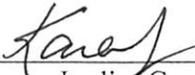

NOW BE IT THEREFORE RESOLVED, the Hood River County Board of Commissioners PROCLAIM near-term projects related to the final pre-construction phase as well as the eventual construction of a new, replacement interstate bridge connecting the communities of Hood River, Oregon and Bingen/White Salmon, Washington are high priority projects hereby included in the Hood River County Transportation System Plan.

Adopted this 20th day of June, 2016,

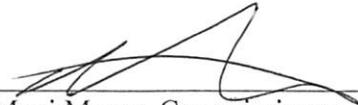

HOOD RIVER COUNTY BOARD OF COMMISSIONERS

Ron Rivers, Chair

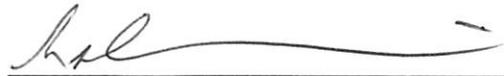

Karen Joplin, Commissioner

Maui Meyer, Commissioner

Bob Benton, Commissioner

Les Perkins, Commissioner

June 9, 2016

Michael McElwee, Executive Director
1000 E. Port Marina Dr.
Hood River, OR 9703

Dear Michael:

I took a drive recently around the Event Site, Nichols Boat Basin and Spit areas to see how they are developing.

First the good news. Hampton Inn is turning out to be a very handsome building and should be an asset to the landscape and architectural character of the waterfront. I like the color, materials and the scale of the new structure. Landscaping is proceeding. For such a large building it does a good job of blending into the area.

Now the not so good news. The many wind/water based commercial sports activities at the event site, basin west shoreline, access road fencing and the end of the spit have created a visual mess. There are numerous vertical flags and fence signs put up for advertising wind/water and food services commercial facilities. They are all vying for their customers' attention. The area is losing any semblance of naturalness with the dominate theme being advertising flags, signs and small mobile structures. I understand that wind/water sports are seasonal and likely the signs will be removed after the season ends. However, the area is an important entry to our city in all seasons. While attractiveness is subjective, to me the area is very unattractive.

When I was on the City of Hood River Planning Commission, we envisioned a balance of commercial facilities and natural habitat for the waterfront area. While commercial facilities are rapidly growing, new developments mentioned above have included little if any natural landscaping with any habitat value. A better balance is needed for this area. There should be design standards for all signage and structures on Port property; standards that protect the overall visual character of the waterfront.

I'd like to sit down and discuss my concerns with you. Please contact me and we can set up a meeting.

Sincerely,

Jurgen

/s/ Jurgen A. Hess

Jurgen A. Hess

Ps....There were many dogs off leash in the areas....but that's a subject for another time

Oregon Transportation Commission
June 16, 2016

Chair Baney & Commissioners:

Michael McElwee, Executive Director, Port of Hood River.

Welcome to Hood River. While you are in the Gorge, I hope you will learn as much as you can about our area's transportation system – there are issues and challenges here that are truly unique in Oregon.

The Port of Hood River encompasses about ½ of Hood River County. We have four business lines: the first three are Aviation, Recreation and Light Industrial Development. Our activities drive nearly 20% of the non-farm economic output of Hood River County.

Our fourth line of business is transportation for one reason: we own, operate, and maintain the Hood River/White Salmon Interstate Bridge. The Bridge is a critical to the Gorge economy on both sides of the River and a key part of our area transportation system. It is one of only two toll facilities in Oregon and the only one utilizing electronic tolling. In 2015, the bridge accommodated over 4 million vehicle crossings.

But parts of our bridge are 92 years old. Most of the rest is nearing 80 years old. The bridge has two extremely narrow travel lanes with no pedestrian or bike facilities. It is weight restricted to 80,000 lbs. It has a sufficiency rating of 49.8. The reality is that the Hood River Bridge is structurally deficient, functionally obsolete, and nearing the end of its service life.

Our Port has two requests of the Oregon Transportation Commission:

#1: Please direct ODOT to better include us in notifications during emergency events and in post-event debrief evaluations. Emergencies that require closure of I-84 occur about once per year. The most recent was on June 3, the Mosier derailment. When I-84 closes, the Hood River Bridge becomes part of the Interstate Highway System. ODOT uses it as a primary alternative route. During the June 3 event, our Bridge accommodated hundreds of heavy trucks many likely

at or exceeding 120,000 lbs. (Recall that the ODOT-imposed weight limit is 80,000 lbs.) The damage to the bridge deck was extensive. ODOT notification consisted of one voice mail, 30 minutes after local law enforcement called. No subsequent communication of any type was received, including any request to participate in after-action review.

#2: Please direct ODOT to proactively and positively participate in bridge replacement planning efforts. It is widely known a new bridge here is needed. And replacement will be especially challenging here where it involves two states, a federal waterway and a small, rural market. Yet these challenges do not mean that ODOT should ignore or slow walk crucial steps that position our off-system bridge for long-term replacement opportunities. Future steps will require the proactive, positive engagement of ODOT. The five elected officials I report to, and the 20,000 constituents in our Port District, believe our shared obligations as public agencies simply compel us to do so.

Thank you for this opportunity to comment. I have distributed other informational materials to staff.

Port of Hood River

Commission Memo

To: Commissioners
From: Fred Kowell
Date: June 23, 2016
Re: Budget Resolution Transfer

Usually towards the close of a fiscal year, an organization will adjust its budget to reflect changes that have occurred since the adoption of the budget. These changes are reflected between major cost categories (objects) that are defined in our Adopted Budget as Personnel Services, Materials & Services, Capital Outlay and Debt Service. This budget resolution takes into account the changes between cost categories and between asset centers (ie. Bridge, Marina, Airport, etc.).

For this to be a Budget Resolution Transfer, the overall budget appropriation level must ***not*** change. That is the case here. Only budgetary expenses will be transferred from one cost category to another or within a cost category.

It should be noted that in preparing the Adopted Budget for FY 2015-16, I used the most current information at that time, changes occur as circumstances change during the year.

The primary changes in this Budget Resolution Transfer are as follows:

- Appropriation changes occurred between CIP and Materials & Services largely because of items that were originally budgeted in CIP but does not meet the capitalization threshold or policy when the costs were incurred. So the funding was budgeted and appropriated in CIP but must be expensed per GAAP (Generally Accepted Accounting Principles).
- The second primary change had more to do with under budgeting for an expense like utility costs or maintenance.
- This year we had a bridge allision that caused more expenses to be incurred for repairs and legal services. This Budget Transfer takes that into account.
- Personnel Services will see a slight increase in appropriation mainly to provide enough cushion for summer labor activities that may or may not

exceed the original appropriation levels. CIP appropriation was increased for the Airport due to the FAA moving up the south taxiway funding, and the Port applying for the Connect VI grant.

- In the attached spreadsheet, I have explained the cause of each budget transfer whether it was a reduction or increase from the Adopted Budget.
- Overall, this Budget Resolution Transfer is a zero impact to the overall appropriation for the Port. I look forward with explaining the changes that occurred or questions that you may have regarding the Budget Transfer.

RECOMMENDATION: Approve a Budget Transfer Resolution No. 2015-16-10 for the FY 2015-16 as presented.

Notes to Budget Adjustments:

Changes to appropriations to Cost Center

- 1 Transfer \$50000 from CIP to M&S due to bridge allision legal and repair costs and \$50000 for transponders.
- 2 Big 7 CIP had originally anticipated \$50,000 of TI's and \$52,000 of HVAC and other building improvements. Some of these costs were not capitalizable and are thus expensed. \$25,000 is shifted to M&S and \$20000 to Halyard Ti Rm 104.
- 3 Transfer \$15000 to Timber Incubator CIP for lighting upgrade which shows gross amount not net after credit. Some Jensen work moved to FY 2016-17.
- 4 Transfer \$15000 to Halyard CIP to cover Ti improvements more than budget. A&E for Maritime shifted to next year's budget. Moved \$38000 from Hanel CIP to cover utilities at Halyard. Reimbursed through revenues.
- 5 Transfer \$20,000 from Hanel CIP due to prolonged closing on Expo. Hanel CIP will not be totally used this year. Transfer \$13000 to debt service due to budget prepared before final loan terms.
- 6 Transfer \$1500 to DMV PS from Port Bldg CIP that is unused and an additional \$1500 to Port PS from Port CIP due to possible overrun.
- 7 Transfer \$3000 from Marina Office CIP to M&S due to possible overrun in M&S. CIP will be used but not to budget.
- 8 Transfer \$2,000 from Waterfront Industrial Land Materials & Services to Personnel Services due to possible labor overrun. Transfer \$100,000 to Airport CIP due to North ramp and south taxiway work starting before anticipated by FAA funding.
- 9 Transfer \$8,000 from Eventsite CIP to Hook launch due to grant funding coming in higher than budgeted.
- 9 Transfer \$35,000 from Marina Materials & Services to CIP due to Boat House dock work being completed in this year than budgeted. Funding came from master plan budget that turned out to be significantly less.
- 10 Transfer \$10,00 from to Maintenance from ADMIN CIP due to additional work in Shop and yard.
- 11 Transfer \$215,000 from Bridge R&R CIP to M&S due to bridge allision and expense items versus capital. Also, transfer \$2000 to Bridge R&R PS from CIP due to possible PS overrun due to allision. Additional transfer of \$1000 for debt service.
- 12 Transfer \$3000 from General Fund M&S to PS due to possible overrun.

Resolution No. 2015-16-10

Resolution Transfer

BE IT RESOLVED that the Board of Commissioners of the Port of Hood River hereby approves the Budget Transfers for the fiscal year ended June 30, 2016 as presented below and discussed before the Board.

Transfer of Appropriations between Cost Categories

General Fund	Adopted Budget	Revised Budget	Change Increase (Decrease)
<u>Resources</u>			
Property Taxes	\$ 61,700	\$ 61,700	\$ -
Transfers from Revenue Fund	405,800	405,800	\$ -
<i>Total</i>	\$ 467,500	\$ 467,500	\$ -
<u>Appropriations</u>			
Personnel Services	\$ 91,300	\$ 94,300	\$ 3,000
Materials & Services	376,200	373,200	(3,000)
<i>Total</i>	\$ 467,500	\$ 467,500	\$ -
<u>Revenue Fund</u>			
<u>Appropriations</u>			
Personnel Services	\$ 1,848,300	\$ 1,857,300	\$ 9,000
Materials & Services	2,048,400	2,228,400	180,000
Capital Outlay	3,506,050	3,304,050	(202,000)
Debt Service	303,350	316,350	13,000
Transfers	2,260,500	2,260,500	-
Contingency	500,000	500,000	-
<i>Total</i>	\$ 10,466,600	\$ 10,466,600	\$ -
<u>Bridge Repair & Replacement Fund</u>			
<u>Resources</u>			
Transfers from Revenue Fund	\$ 1,854,700	\$ 1,854,700	\$ -
<u>Appropriations</u>			
Personnel Services	\$ 26,400	\$ 28,400	\$ 2,000
Materials & Services	71,500	286,500	215,000
Capital Outlay	548,000	330,000	(218,000)
Debt Service	708,800	709,800	1,000
Contingency	500,000	500,000	-
<i>Total</i>	\$ 1,854,700	\$ 1,854,700	\$ -
<i>Total Appropriations</i>	\$ 12,788,800	\$ 12,788,800	\$ -

ADOPTED BY THE BOARD OF COMMISSIONERS this 23rd day of June, 2016.

Commission Memo

Prepared by: Michael McElwee
Date: June 23, 2016
Re: Revision to Governance Policy – Marina Committee

The Marina Ad-hoc Committee was established in July 2012. Ad-hoc committees typically have limited assignments of two years or terminate upon completion of the assignment by a majority vote of the Commission. At the August 4, 2014 Commission meeting the Marina Ad-hoc Committee was reauthorized for another two-year term – through June 30, 2016.

When the Ad-hoc Committee was established, the charge was to assist staff and Commissioners in decisions of policy change and potential facility upgrades. They have provided valuable input regarding various maintenance issues and the electrical and boathouse dock replacement projects. Input on policy issues have included moorage/utility rates, boat partnerships, Wait List/boat sales, and most recently the South Basin Dock lease with the Hood River Yacht Club.

Committee membership includes moorage representation by one power boat tenant (Steve Carlson); one sailboat tenant (Josh Sceva); one boathouse tenant (Steve Tessmer); one Hood River Yacht Club member (Lance Staughton); and one Commissioner (Brian Shortt). Andy or Jaime Mack also regularly attends meetings as guests, representing youth sailing.

Staff is recommending a revision to the Governance Policy to create a standing Marina Committee that would allow continued input and advice on potential facility upgrades, such as guest dock conceptual reconfiguration, and future policy changes. Current membership on the Committee would be retained and staggered 3-year terms would be determined at the Committee's July meeting.

RECOMMENDATION: Approve Resolution 2015-16-11 to revise the Governance Policy, effective June 23, 2016, to establish a standing Marina Committee.

This page intentionally left blank.

**PORT OF HOOD RIVER
Resolution No. 2015-16-11**

**RESOLUTION APPROVING GOVERNANCE POLICY
FOR THE PORT OF HOOD RIVER**

WHEREAS, the Governance Policy for the Port of Hood River was last updated on July 10, 2012; and

WHEREAS, the Port of Hood River has received expert review assistance from its attorney on changes to its Governance Policy and the Commission has reviewed the Policy in draft form; and

WHEREAS, the Port of Hood River would like to establish the Marina Ad-hoc Committee as a standing Marina Committee for advice and input on future Marina Basin projects and improvements; and

WHEREAS, it is necessary and advisable to adopt a revised Governance Policy to reflect the Marina Committee as a standing committee; now, therefore, be it

RESOLVED:

1. That the Governance Manual dated June 23, 2016 and attached to this Resolution shall be the policy of the Port of Hood River.

ADOPTED BY THE BOARD OF COMMISSIONERS this 23th day of June 2016.

Brian Shortt, President

Fred Duckwall, Vice President

Jon Davies, Secretary

Richard McBride, Treasurer

Hoby Streich

This page intentionally left blank.

The Executive Director may, in case of emergency, suspend any part of or an entire rule which may be in conflict with handling an emergency; provided, however, that the Executive Director shall report the fact of, and the reason for, such suspension at the next meeting of the Commission; and provided further that the suspension shall expire at the time of said report unless continued in effect by the Commission.

The Commission may adopt regulations related to use of Port property or services to protect Port interests, to enhance Port ordinances or policies, or to comply with laws or regulations applicable to Port functions or activities. Regulations shall be adopted by resolution of the Commission unless the Commission specifically authorizes another method of regulation adoption under a Port ordinance or otherwise.

- 6. Committees.** Committees support the responsibilities of the Executive Director for day-to-day operations of the Port, providing a mechanism for the Commission to execute its fiduciary responsibilities. Committees may be created and their members appointed by the President, with the concurrence of the Commission.

Port committees exist at the discretion of the Commission and may be formed, dismantled, inactivated or activated as conditions dictate. The functions of a committee shall be designated by the Commission at the time the committee is created. It shall be the responsibility of a committee to investigate, discuss, and collect information on behalf of the Commission. Committees do not have the authority to act on behalf of the Port Commission unless specifically authorized by vote of the Commission.

Committees that are given authority to make decisions for the Commission, or to collectively make recommendations to the Commission for action, will follow Oregon's Public Meetings Law and will require a public notice of meetings, a quorum present, and minutes recorded. Public Meetings Law does not apply to committees whose members are charged to form their recommendations individually rather than collegially through a quorum requirement.

The Finance and Personnel Committees are internal committees. The President and Vice President serve as members of the Personnel Committee. The Secretary and Treasurer serve as members of the Finance Committee. These committees assist staff with operational and preliminary issues. It is not necessary that a quorum be present for an internal committee member to act. Any recommendation by an internal committee member to the Port Commission shall be made individually rather than collegially with another internal committee member, even if committee members agree on a recommendation.

The Budget Committee, mandated and governed by ORS 294.336, is a statutory committee whose membership consists of the members of the Commission and five private citizen appointees.

Ad Hoc Committees have limited assignments not to exceed two years. They support the vision, goals, and objectives of the Commission and the Strategic Plan, and are set up around a specific budgeted activity where it is desirable to have public involvement. Membership and quorum requirements will be determined at the time of creation. Ad Hoc committees terminate upon completion of the assignment or by a majority vote of the Commission.

Committee members must be residents of the Port District at all times during their service on a committee. Each Committee shall include at least one Commissioner. Staff may serve on committees as ex-officio members.

The Port shall use the following procedures to recruit members of the public to serve on committees according to the following process:

- Advertise position vacancy in local media for two (2) consecutive weeks.
- Require applicants to complete and return to the Port a written application, which shall include the applicant's personal information, background and experience, list of community activities, and statement of desire to be a member of the particular committee.
- Review applications and select those to be interviewed.
- Interview candidates. The Commission may choose to forego the interview process if the entire Commission is in agreement.
- Appoint member(s) to the committee for a designated term if term length is specified or to an indefinite term.
- Unless modified by a majority vote of the Commission, the following shall apply to the membership and term of committees:

COMMITTEE	MEMBERSHIP	Length of Term	Quorum Required
Airport	Two Commissioners Seven Public Airport FBO Staff Support- Port Director or Development Manager	3 years	Yes
Architectural Site Review (Currently inactive)	One Commissioner or Port Director One Independent Architect Three Public (full-time residents of Port District) City Planner (ex-officio)	3 years	Yes
Budget	Five Commissioners Five Public (ORS 294.336) Staff Support- Port Director; Finance Manager	3 years	Yes
Community Relations (Currently inactive)	One Commissioner Port Director Port Newsletter Contractor Two Public (full-time residents of Port District)	3 years	No
Finance (Internal)	Commission Secretary & Treasurer Staff Support- Finance Manager	1 year	No
Marina	<u>One Commissioner</u> <u>Five Public (full-time residents of Port District) to include moorage tenant representation by one sailboat user, one power boat user, one boathouse user; and liaison from Hood River Yacht Club and Youth Sailing Program</u> <u>Staff Support – Marina Manager; Port Director; Facilities Supervisor</u>	<u>3 years</u>	<u>Yes</u>
Personnel (Internal)	Commission President & Vice-President Staff Support- Port Director	1 year	No
Waterfront Recreation	One Commissioner Seven Public (full-time residents of Port District, including outside city limits); Broad representation of business owners, school operators, marina tenants, recreational users Staff Support- Waterfront Coordinator	3 years	Yes

B. BOARD POLICIES

- 1. Introduction.** The following subsection describes the Port’s policies governing the operation of the Board of Commissioners. All previous policies not consistent with this policy document are hereby declared null and void. In any instance of conflict, this document will supersede past actions. Any Port policy may be amended, suspended, or repealed by a majority vote of the Commission. Nothing herein is intended to override the provisions of federal, state, or local laws, which shall take precedence in the event of conflict.

Date: June 23, 2016
Re: Airport Bi-fold Door for Maintenance Hangar

The maintenance hangar at the Hood River Airport has two airplane access doors. One of the doors was replaced with a new hydraulic bi-fold door three years ago. This new door enables the airplanes to be moved in safely. The other door dates back to the 1950's, does not open easily, allows in wind, rain and snow and is in danger of derailing.

A new bi-fold door is included in the FY 2015-16 Budget. Centrex Construction Incorporated (Centrex) is currently constructing the new WAAAM building near the north side of the airport. Staff contacted the two local overhead door contractors in the area and found that they will not install bi-fold doors. Centrex is very qualified for this work.

The final estimate and contract will be provided to the board at the meeting on Thursday.

RECOMMENDATION: Approve contract with Centrex Construction Incorporated for installation of bi-fold door on the Maintenance Hangar in an amount not to exceed [TBD], subject to legal counsel review.

Commission Memo

Prepared by: Anne Medenbach
Date: June 23, 2016
Re: DMV HVAC Replacement – A&E Heating

The DMV Building has one HVAC unit. That unit is old and has been failing. Replacement of the unit is included in the FY 2015-16 budget and we'd like to get it installed before the summer season.

Three local HVAC companies were called for quotes:

A&E Heating	\$12,952
AEH	Declined to quote
Links	2 months out, declined to quote

The Port has worked with A&E on other projects and staff recommends moving forward with the installation as soon as possible.

RECOMMENDATION: Approve contract with A&E Heating and Air Inc., for replacement of the HVAC unit at the DMV Building in an amount not to exceed \$13,000.

This page intentionally left blank.

Intermediate Procurement Contract

1. This Contract is entered into between the Port of Hood River ("Port") and A & E Heating and Air Inc. ("Contractor"). Contractor agrees to perform the Scope of Work described in attached Exhibit A to Port's satisfaction. Port shall pay Contractor in accordance with the schedule and/or requirements in attached Exhibit A.
2. This Contract shall be in effect from the date at which every party has signed this Contract through July 31, 2016. Either Contractor or Port may terminate this Contract in the event of a breach of the Contract by the other. Port may terminate this Contract for any reason by giving 15 days written notice to Contractor at Contractor's address listed below. If Port terminates this Contract, Contractor shall only receive compensation for work done and expenses paid by Contractor prior to the Contract termination date.
3. All work products of the Contract, which result from this Contract, are the exclusive property of Port. Port shall have access to all books, documents, papers and records of Contractor which relate to this Contract for purpose of making audit, examination, excerpts, and transcripts for a period of three years after final payment.
4. Contractor will apply that skill and knowledge with care and diligence to perform the work in a professional manner and in accordance with standards prevalent in Contractor's industry, trade or profession. Contractor will, at all times during the term of the Contract, be qualified, professionally competent, and duly licensed to perform the work.
5. Contractor certifies that Contractor is an Independent Contractor as defined in ORS 670.600 and shall be entitled to no compensation other than that stated above.
6. Contractor shall indemnify, defend, and hold harmless Port, its Commissioners, officers, agents, and employees from all claims, suits, or actions of whatsoever nature resulting from or arising out of the activities of Contractor or its subcontractors, agents or employees under this Contract, except to the extent the Port is negligent and responsible to pay damages. Contractor shall provide insurance in accordance with attached Exhibit B.
7. This Contract may be executed in any number of counterparts, and any single counterpart or set of counterparts signed, in either case, by all parties hereto shall constitute a full and original instrument, but all of which shall together constitute one and the same instrument.
8. This Contract shall be governed by the laws of the State of Oregon and any litigation involving any question arising under this Contract must be brought in the Circuit Court in Hood River County, Oregon. If any provision of this Contract is found to be illegal or unenforceable, this Contract shall remain in full force and effect and the provision shall be stricken.
9. Contractor shall adhere to all applicable federal, state, and local laws and regulations, including those governing its relationship with its employees.
10. This Contract contains the entire agreement between Contractor and Port and supersedes all prior written or oral discussions or agreements. Any modification to this Contract shall be reduced to writing and signed by the Contractor and Port. Contractor shall not assign this Contract or subcontract its work under this Contract without the prior written approval of Port.
11. The person signing below on behalf of Contractor warrants they have authority to sign for and bind Contractor.

Contractor Name:	Port of Hood River
Date:	Date:
Signed by:	Signed by:
Its:	Its:
Address:	1000 E. Port Marina Drive, Hood River, OR 97031
Phone:	(541) 386-1645/ porthr@gorge.net

**Small Procurement Contract
Exhibit A**

I. SCOPE OF WORK:

Location: 600 E. Port Marina Way "DMV" building

Summary: Remove and replace the existing HVAC unit with a Rheem 80% gas furnace Model # RGF R801PA125524msa. AC unit model number RAC RA1360AJINB.

Contract work includes:

- Removal and disposal of existing unit
- Re-use and re-positioning of existing duct work
- Addition of duct work to accommodate 4 zones with temp control for each zone
 - Zone 1- DMV main waiting area
 - Zone 2- DMV back offices and hallway
 - Zone 3 Suite B (4 office areas currently occupied by Walden)
 - Zone 4 Small office on the N. side of the building.
- Addition of programmable thermostats for each zone
- Testing of system and verification of correct operation
- 5 minute training for T-stats
- Maintenance manual from the manufacturer with warranty information and maintenance standards delivered to the Port.

Contract work excludes:

- High voltage wiring updates

II. DELIVERABLES AND TIMEFRAME:

Unit installed before July 31, 2016

III. CONSIDERATION:

Contract amount not to exceed \$13,000.

IV. BILLING AND PAYMENT PROCEDURE:

The Contractor shall submit to the Port for payment an itemized invoice in a form and in sufficient detail to determine the work performed for the amount requested. The invoice shall contain at a minimum:

- Invoice date
- Contract project title
- Record of hours worked and a brief description of activities
- Billing rate applied

Invoices for services will be submitted on a monthly basis. Payments due which exceed 90 days from date of invoice may be subject to a monthly charge of 1.5% of the unpaid balance (18% annual).

The Port shall process payment in its normal course and manner for Accounts Payable, net 30 days.

**Personal Services Contract
Exhibit B**

INSURANCE

Contractors, please send this to your insurance agent immediately.

During the term of this Contract, Contractor shall maintain in force at its own expense, each insurance noted below:

- 1. Workers' Compensation insurance in compliance with ORS 656.017, which requires subject employers to provide Oregon workers' compensation coverage for all their subject workers. (Required of contractors with one or more employees, unless exempt order ORS 656.027.)

Required and attached OR Contractor is exempt

Certified by Contractor: _____
Signature/Title

- 2. Commercial General Liability insurance on an occurrence basis with a limit of not less than \$1,000,000 each occurrence for bodily injury and property damage and \$2,000,000 general aggregate. The Liability Insurance coverage shall provide contractual liability. The coverage shall name the Port of Hood River and each of its Commissioners, officers, agents, and employees as Additional Insured with respect to the Contractor's services to be provided under the Contract.

Required and attached Waived by Finance Manager _____

- 3. Automobile Liability insurance with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage, including coverage for owned, hired, or non-owned vehicles, as applicable.

Required and attached Waived by Finance Manager _____

- 4. Professional Liability insurance with a \$1,000,000 per claim and \$1,000,000 in the aggregate for malpractice or errors and omissions coverage against liability for personal injury, death or damage of property, including loss of use thereof, arising from the firm's acts, errors or omissions in any way related to this Contract.

Required and attached Waived by Finance Manager _____

- 5. **Certificate of Insurance.** As evidence of the insurance coverage required by this Contract, the Contractor shall furnish acceptable insurance certificates to the Port at the time Contractor returns the signed Contract.

The General Liability certificate shall provide that the Port, its Commissioners, officers, agents, and employees are Additional Insured but only with respect to the Contractor's services to be provided under this Contract.

Endorsement CG 20 10 11 85 or its equivalent must be attached to the Certificate. The Certificate must contain a standard 30 day notice of cancellation clause which guarantees notification in writing to the Certificate Holder (Port of Hood River). Insuring companies or entities are subject to Port acceptance. If requested, complete copies of the insurance policy shall be provided to the Port. The Contractor shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

Commission Memo

Prepared by: Anne Medenbach
Date: June 23, 2016
Re: Halyard Building Suite 104 TI HVAC Connection

Suite 104 in the Halyard Building was occupied by Real Carbon, who did not require to be connected to the HVAC system. A duct work backbone with VAV boxes, some thermostats, heating coils and fans were installed, but never connected to the Roof Top Unit (RTU). Real Carbon used a combination of fresh air vents and heat coils in the VAV's to heat and cool their space.

The system was designed to connect the duct work backbone directly to the RTU if a tenant moved in who needed traditional HVAC functionality. pFriem moved in March of 2016 and does require this connection.

Staff worked with Solarc Engineering (the original design engineer) to determine what would be needed to make this connection and to create drawings and spec sheets for a quote process. Solarc provided those deliverables and staff went out for quotes. Two contractors attended the walk through. Both suggested that it may be better to separate 104 from the system and provide its own RTU. Staff received quotes from both companies for this alternative and a quote from one to work off of the provided Solarc specs.

Staff then collected a third party engineering company review of Solarc's recommended approach. The third party agreed with Solarc that suite 104 should be connected to the existing RTU.

Staff also met on site with: Trane Oregon, two HVAC contractors and pFriem to discuss the entire HVAC system, its maintenance and design issues and what next steps would be. From that meeting, all agreed that the best option for Suite 104 is to reconnect it to the existing RTU and add functionality for pFriem.

The contract with A&E Heating and Air, Inc., who provided the only quote for reconnection to the main system, will be provided to the board during the meeting.

RECOMMENDATION: Approve contract with A& E Heating and Air Inc. for connection of the HVAC system in Halyard Suite 104 to the main RTU, in an amount not to exceed [TBD], subject to legal counsel review.

Commission Memo

Prepared by: Fred Kowell
Date: June 23, 2016
Re: Camera Replacement – Toll Facility

The existing cameras and back office application are in need of replacement. Only 2 of the 5 cameras work and the software is time consuming to operate. There is no longer any storage occurring with these video cameras to provide public safety or for staff to look at run throughs.

The attached contract will replace the existing hardware and software associated with the video cameras at the tolling facility. The Port will need to arrange with GorgeNet to update the the 100baseT bandwidth to 1000baseT bandwidth for this video surveillance system. That cost is outside this contract.

Our approach is to scale the current project over time to include video surveillance at the lift span.

This is the first step at renovating the video surveillance at the toll facility.

RECOMMENDATION: Approve the contract with Aset Advanced Security & Electrical Technology, Inc. for replacement of video surveillance system in an amount not to exceed \$15,000, subject to legal counsel review.

This page intentionally left blank.

**Personal Services Contract
For Services Under \$50,000**

1. This Contract is entered into between the Port of Hood River ("Port") and Aset Advanced Security & Electrical Technology, Inc. ("Contractor"). Contractor agrees to perform the Scope of Work described in attached Exhibit A to Port's satisfaction for a maximum consideration not to exceed \$15,000. Port shall pay Contractor in accordance with the schedule and/or requirements in attached Exhibit A.
2. This Contract shall be in effect from the date at which every party has signed this Contract through the period the work in Exhibit A is completed. Either Contractor or Port may terminate this Contract in the event of a breach of the Contract by the other. Port may terminate this Contract for any reason by giving 15 days written notice to Contractor at Contractor's address listed below. If Port terminates this Contract, Contractor shall only receive compensation for work done and expenses paid by Contractor prior to the Contract termination date.
3. All work products of the Contract, which result from this Contract, are the exclusive property of Port. Port shall have access to all books, documents, papers and records of Contractor which relate to this Contract for purpose of making audit, examination, excerpts, and transcripts for a period of three years after final payment.
4. Contractor will apply that skill and knowledge with care and diligence to perform the work in a professional manner and in accordance with standards prevalent in Contractor's industry, trade or profession. Contractor will, at all times during the term of the Contract, be qualified, professionally competent, and duly licensed to perform the work.
5. Contractor certifies that Contractor is an Independent Contractor as defined in ORS 670.600 and shall be entitled to no compensation other than that stated above.
6. Contractor shall indemnify, defend, save, and hold harmless Port, its Commissioners, officers, agents, and employees from all claims, suits, or actions of whatsoever nature resulting from or arising out of the activities of Contractor or its subcontractors, agents or employees under this Contract. Contractor shall provide insurance in accordance with attached Exhibit B.
7. This Contract may be executed in any number of counterparts, and any single counterpart or set of counterparts signed, in either case, by all parties hereto shall constitute a full and original instrument, but all of which shall together constitute one and the same instrument.
8. This Contract shall be governed by the laws of the State of Oregon and any litigation involving any question arising under this Contract must be brought in the Circuit Court in Hood River County, Oregon. If any provision of this Contract is found to be illegal or unenforceable, this Contract shall remain in full force and effect and the provision shall be stricken.
9. Contractor shall adhere to all applicable federal, state, and local laws and regulations, including those governing its relationship with its employees.
10. This Contract contains the entire agreement between Contractor and Port and supersedes all prior written or oral discussions or agreements. Any modification to this Contract shall be reduced to writing and signed by the Contractor and Port. Contractor shall not assign this Contract or subcontract its work under this Contract without the prior written approval of Port.
11. The person signing below on behalf of Contractor warrants they have authority to sign for and bind Contractor.

CONTRACTOR

PORT OF HOOD RIVER

Signature Date

Title: _____

Address: _____

Federal ID or Social Security Number: _____

Michael McElwee Date

Executive Director
1000 E. Port Marina Drive
Hood River OR 97031

**Personal Services Contract
Exhibit A**

I. SCOPE OF WORK: Upgrade Video surveillance system at the tolling facility. Provide and install 1080p Video Surveillance system. Existing cabling and network will be used. Owner will provide 1000 Base Backbone from Toll Booth to Port Server Room. Boom lift will be provided by the Port.

II. DELIVERABLES AND TIMEFRAME:

The deliverable(s) covered under this Contract shall be:

- Installation of 1 – Samsung 100mbps 6TB server.
- Installation of 4 – Fixed 1080p dome cameras
- Installation of 2 1080p 32x zoom PTZ dome cameras
- Installation of 4 - camera cap adapter
- Installation of 2 – PoE+injector
- Installation of materials, cables, hardware and software to operate cameras.

The due dates for the deliverable(s) shall be: Before the end of August 2016.

III. CONSIDERATION:

This Contract shall not exceed \$_15,000.00.

Reimbursables under this Contract shall be purchases of hardware outside of this contract.

IV. BILLING AND PAYMENT PROCEDURE:

The Contractor shall submit to the Port for payment an itemized invoice in a form and in sufficient detail to determine the work performed for the amount requested. The invoice shall contain at a minimum:

- Invoice date
- Contract project title
- Record of hours worked and a brief description of activities
- Billing rate applied
- Description of reimbursable items

Invoices may be submitted monthly, or at such other interval as is specified below:

The Port shall process payment in its normal course and manner for Accounts Payable, net 30 days.

**Personal Services Contract
Exhibit B**

INSURANCE

During the term of this Contract, Contractor shall maintain in force at its own expense, each insurance noted below:

- 1. Workers' Compensation insurance in compliance with ORS 656.017, which requires subject employers to provide Oregon workers' compensation coverage for all their subject workers. (Required of contractors with one or more employees, unless exempt order ORS 656.027.)

_____ Required and attached OR _____ Contractor is exempt

Certified by Contractor: _____
Signature/Title

-
- 2. Commercial General Liability insurance on an occurrence basis with a limit of not less than \$1,000,000 each occurrence for bodily injury and property damage and \$2,000,000 general aggregate. The Liability Insurance coverage shall provide contractual liability. The coverage shall name the Port of Hood River and each of its Commissioners, officers, agents, and employees as Additional Insured with respect to the Contractor's services to be provided under the Contract.

_____ Required and attached Waived by Finance Manager _____

- 3. Automobile Liability insurance with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage, including coverage for owned, hired, or non-owned vehicles, as applicable.

_____ Required and attached Waived by Finance Manager _____

- 4. Professional Liability insurance with a \$1,000,000 per claim and \$1,000,000 in the aggregate for malpractice or errors and omissions coverage against liability for personal injury, death or damage of property, including loss of use thereof, arising from the firm's acts, errors or omissions in any way related to this Contract.

_____ Required and attached Waived by Finance Manager _____

- 5. On All Types of Insurance. There shall be no cancellation or intent not to renew the insurance coverages without 30-days written notice from the Contractor or its insurer(s) to the Port, except 10 days for premium non-payment.
- 6. Certificate of Insurance. As evidence of the insurance coverage required by this Contract, the Contractor shall furnish acceptable insurance certificates to the Port at the time Contractor returns the signed Contract. The General Liability certificate shall provide that the Port, its Commissioners, officers, agents, and employees are Additional Insured but only with respect to the Contractor's services to be provided under this Contract. Endorsement CG 20 10 11 85 or its equivalent must be attached to the Certificate. The Certificate shall provide that the insurance shall not terminate or be canceled without 30 days written notice first being given to the Port. Insuring companies or entities are subject to Port acceptance. If requested, complete copies of the insurance policy shall be provided to the Port. The Contractor shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

Commission Memo

Prepared by: Anne Medenbach
Date: June 23, 2016
Re: Airport-Wetland Mitigation Permitting and Engineering

The north ramp of the Airport is identified in the 2016 Master Plan as the location for new fuel tanks, FBO relocation, and a number of hangars. The north ramp is also the location for a potential Connect VI grant to install utilities, move the fuel tanks, and ready the site for the development identified in the Master Plan.

The first step towards development is to mitigate approximately 1.5 acres of wetland currently in the project area (see attached map).

Schott & Associates Inc. (Schott) recently delineated the wetland. They have the expertise and experience to take the Port through the entire mitigation process including working with Port staff and an engineering firm to define the exact area, creating a grading plan, submitting the permit and plans to the various wetland agencies, responding to any agency questions or requests for additional information and ultimately securing a permit to fill in the portions of the wetland where needed.

Schott has recommended using Vista GeoEnvironmental to do the engineering and grading plans for the work. The estimate has not yet been received for this work but will be under \$15,000. That contract will be available at the board meeting.

RECOMMENDATIONS:

1. Approve contract with Schott and Associates for Wetland mitigation at Ken Jernstedt Airfield, for an amount not to exceed \$11,500, plus reasonable reimbursable expenses, subject to legal counsel review.
2. Approve contract with Vista GeoEnvironmental Services LLC for wetland permit engineering services at Ken Jernstedt Airfield for \$[TBD] plus reasonable reimbursable expenses, subject to legal counsel review.

This page intentionally left blank.

**Personal Services Contract
For Services Under \$50,000**

1. This Contract is entered into between the Port of Hood River ("Port") and Schott & Associates Inc. ("Contractor"). Contractor agrees to perform the Scope of Work described in attached Exhibit A to Port's satisfaction for a maximum consideration of \$11,500 with reasonable reimbursable expenses. Port shall pay Contractor in accordance with the schedule and/or requirements in attached Exhibit A.
2. This Contract shall be in effect from the date at which every party has signed this Contract through October 1, 2016. Either Contractor or Port may terminate this Contract in the event of a breach of the Contract by the other. Port may terminate this Contract for any reason by giving 15 days written notice to Contractor at Contractor's address listed below. If Port terminates this Contract, Contractor shall only receive compensation for work done and expenses paid by Contractor prior to the Contract termination date.
3. All work products of the Contract, which result from this Contract, are the exclusive property of Port. Port shall have access to all books, documents, papers and records of Contractor which relate to this Contract for purpose of making audit, examination, excerpts, and transcripts for a period of three years after final payment.
4. Contractor will apply that skill and knowledge with care and diligence to perform the work in a professional manner and in accordance with standards prevalent in Contractor's industry, trade or profession. Contractor will, at all times during the term of the Contract, be qualified, professionally competent, and duly licensed to perform the work.
5. Contractor certifies that Contractor is an Independent Contractor as defined in ORS 670.600 and shall be entitled to no compensation other than that stated above.
6. Contractor shall indemnify, defend, save, and hold harmless Port, its Commissioners, officers, agents, and employees from all claims, suits, or actions of whatsoever nature resulting from or arising out of the activities of Contractor or its subcontractors, agents or employees under this Contract. Contractor shall provide insurance in accordance with attached Exhibit B.
7. This Contract may be executed in any number of counterparts, and any single counterpart or set of counterparts signed, in either case, by all parties hereto shall constitute a full and original instrument, but all of which shall together constitute one and the same instrument.
8. This Contract shall be governed by the laws of the State of Oregon and any litigation involving any question arising under this Contract must be brought in the Circuit Court in Hood River County, Oregon. If any provision of this Contract is found to be illegal or unenforceable, this Contract shall remain in full force and effect and the provision shall be stricken.
9. Contractor shall adhere to all applicable federal, state, and local laws and regulations, including those governing its relationship with its employees.
10. This Contract contains the entire agreement between Contractor and Port and supersedes all prior written or oral discussions or agreements. Any modification to this Contract shall be reduced to writing and signed by the Contractor and Port. Contractor shall not assign this Contract or subcontract its work under this Contract without the prior written approval of Port.
11. The person signing below on behalf of Contractor warrants they have authority to sign for and bind Contractor.

**Personal Services Contract
Exhibit A**

I. SCOPE OF WORK:

Location: Hood River Airport, N. Ramp area

Summary: The N. Ramp location has wetlands that need to be remediated in order to fully develop the ramp and Fixed Based Operator area (See attached Exhibit C). This contract covers the work required to coordinate the necessary engineering Scope of Work, compile and submit the necessary documents and take the Port through the permitting and approvals process in order to get the wetlands permitted to mitigate.

The work will be done per the attached exhibit D.

II. DELIVERABLES AND TIMEFRAME:

The deliverable(s) covered under this Contract shall be: Approved permit for wetland mitigation that enables N. Ramp development on the Hood River Airport.

The due dates for the deliverable(s) shall be: October 1, 2016

III. CONSIDERATION:

Hourly rates under this Contract shall be: See attached base fee rates

Reimbursables under this Contract shall be additional time with DSL if additional information is requested. All reimbursable over \$100 shall be discussed with the Port.

IV. BILLING AND PAYMENT PROCEDURE:

The Contractor shall submit to the Port for payment an itemized invoice in a form and in sufficient detail to determine the work performed for the amount requested. The invoice shall contain at a minimum:

- Invoice date
- Contract project title
- Record of hours worked and a brief description of activities
- Billing rate applied
- Description of reimbursable items

Invoices may be submitted monthly, or at such other interval as is specified below:

The Port shall process payment in its normal course and manner for Accounts Payable, net 30 days.

**Personal Services Contract
Exhibit B**

INSURANCE

Contractors, please send this to your insurance agent immediately.

During the term of this Contract, Contractor shall maintain in force at its own expense, each insurance noted below:

- 1. Workers' Compensation insurance in compliance with ORS 656.017, which requires subject employers to provide Oregon workers' compensation coverage for all their subject workers. (Required of contractors with one or more employees, unless exempt order ORS 656.027.)

Required and attached OR _____ Contractor is exempt

Certified by Contractor: _____
Signature/Title

- 2. Commercial General Liability insurance on an occurrence basis with a limit of not less than \$1,000,000 each occurrence for bodily injury and property damage and \$2,000,000 general aggregate. The Liability Insurance coverage shall provide contractual liability. The coverage shall name the Port of Hood River and each of its Commissioners, officers, agents, and employees as Additional Insured with respect to the Contractor's services to be provided under the Contract.

Required and attached Waived by Finance Manager _____

- 3. Automobile Liability insurance with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage, including coverage for owned, hired, or non-owned vehicles, as applicable.

Required and attached Waived by Finance Manager _____

- 4. Professional Liability insurance with a \$1,000,000 per claim and \$1,000,000 in the aggregate for malpractice or errors and omissions coverage against liability for personal injury, death or damage of property, including loss of use thereof, arising from the firm's acts, errors or omissions in any way related to this Contract.

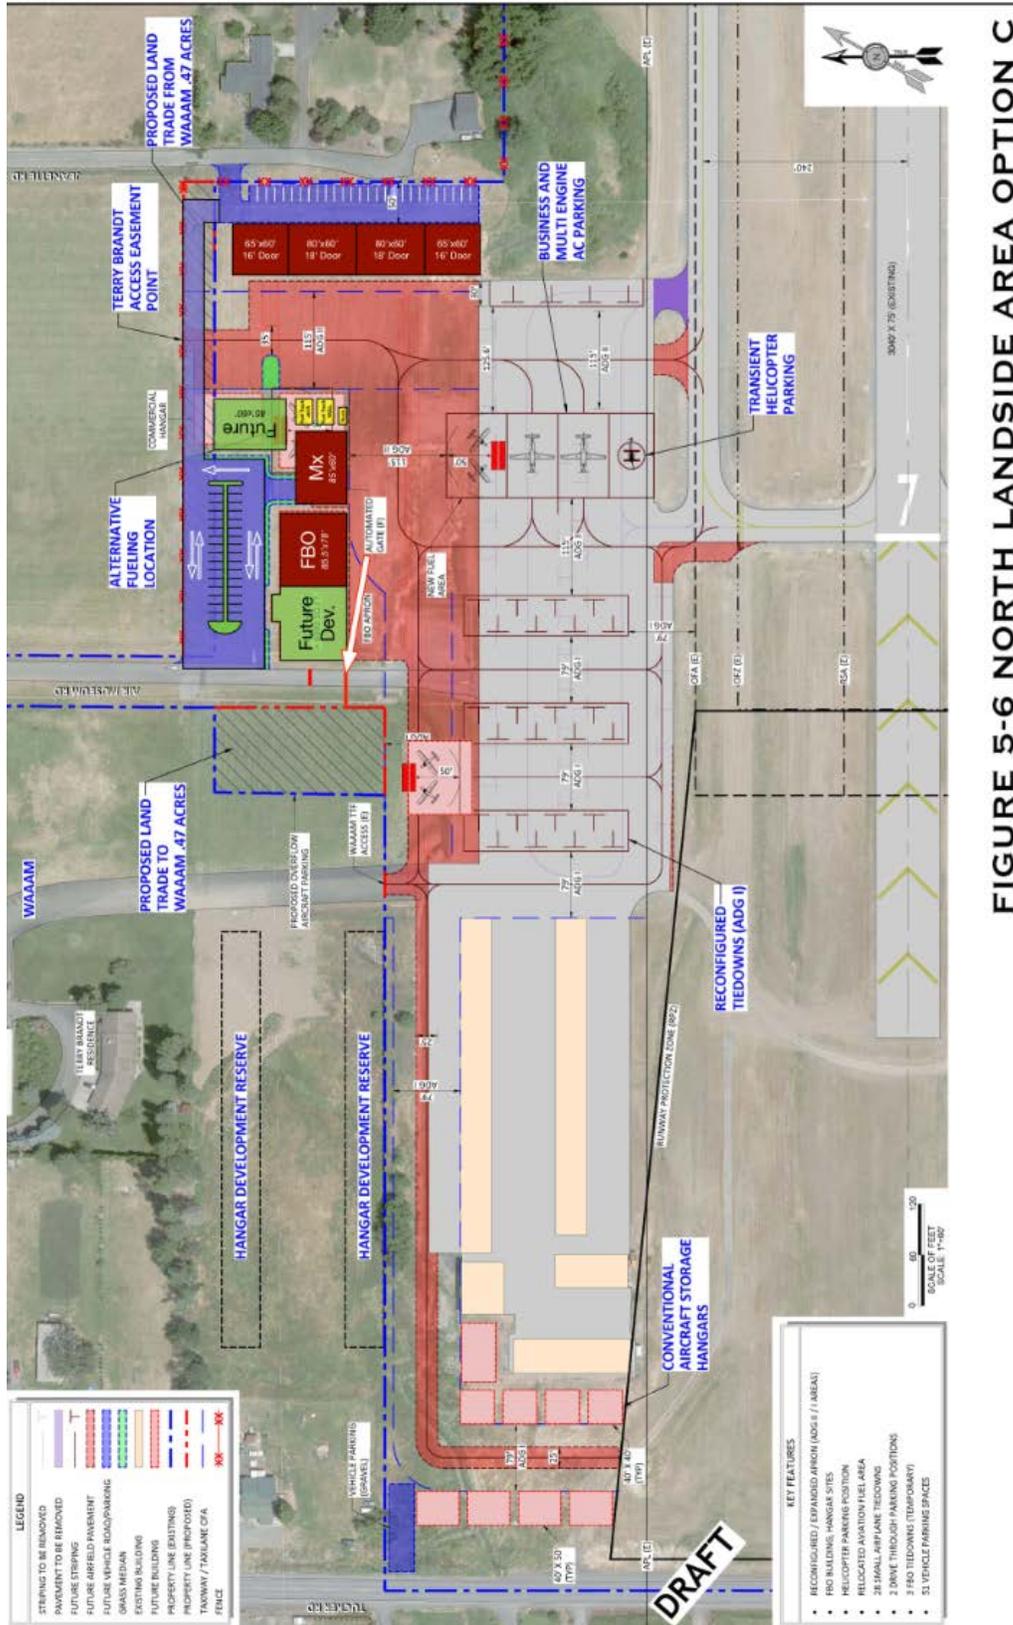

Required and attached Waived by Finance Manager _____

- 5. **Certificate of Insurance.** As evidence of the insurance coverage required by this Contract, the Contractor shall furnish acceptable insurance certificates to the Port at the time Contractor returns the signed Contract.

The General Liability certificate shall provide that the Port, its Commissioners, officers, agents, and employees are Additional Insured but only with respect to the Contractor's services to be provided under this Contract.

Endorsement CG 20 10 11 85 or its equivalent must be attached to the Certificate. The Certificate must contain a standard 30 day notice of cancellation clause which guarantees notification in writing to the Certificate Holder (Port of Hood River). Insuring companies or entities are subject to Port acceptance. If requested, complete copies of the insurance policy shall be provided to the Port. The Contractor shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

May 23, 2016

Anne Medenbach
Port of Hood River
1000 E. Port Marina Drive
Hood River, OR 97031

Re: Hood River Airport Wetland Fill Permit Application Cost Estimate

Dear Anne:

Below is a scope of work and cost estimate to prepare a wetland fill permit application for the proposed improvements to the Hood River Airport.

Wetland Fill Permit Application Preparation	\$5,000
Respond to DSL's Completeness Review*	\$1,500
Respond to Public Comments*	\$1,500
Biological Assessment**	\$3,500
TOTAL	\$11,500

***Done on a time and materials not to exceed basis**

****May be required if NMFS requires consultation**

We never know if we are going to have to respond to DSL on tasks two and three, which is why they are on a time and materials basis. I anticipate National Marine Fisheries Service (NMFS) will require consultation, but we are never sure until the (USACOE) contacts them.

Sincerely,

Martin R. Schott

SCHOTT & ASSOCIATES
Ecologists & Wetlands Specialists

21018 NE Hwy 99E • P.O. Box 589 • Aurora, OR 97002 • (503) 678-6007 • FAX: (503) 678-6011

PERMIT APPLICATION FORM REQUIREMENTS

These items are needed to provide a complete permit application to the Corps and DSL. A permit application will NOT be deemed complete without these items.

**Remember the Agencies Require AVOIDANCE
If you can't avoid – MINIMIZE AS MUCH AS POSSIBLE**

1. Project Purpose and Need

Justification Statement for the Project and Specific Need for Impacts on Wetlands.

- (a) Market analysis**
- (b) Economic conditions/demand**
- (c) Specific reasons why the wetlands had to be impacted** (See project specific criteria):
 - Engineering reasons-grading, slopes, soil type
 - Economic Reasons
 - Parking requirements-number of spaces
 - Visibility-Layout requirements
 - Local TSP- road requirements, safety issues, modification

2. Project Specific Criteria i.e.

Location (Market area, within UGB, along major roads etc..)

Size/Shape of site

Parking requirements- area

Willing seller-availability

Zoning

Site Access and Visibility

Utility availability

Environmental constraints

Design criteria/layout of site

3. Alternative Sites

Other sites considered for the proposed project.

Must be compared against the above project specific criteria considering the agency preference for avoidance of wetland impacts.

Why they do not best meet the projects needs (e.g. zoning, availability, utilities etc..)

4. Alternative Designs

(a) With less wetland impacts- total avoidance is preferred by the agencies

(b) With more wetland impacts

Table comparing alternatives with specific design criteria and why they do not meet.

Planning or engineering reasons, cost, layout constraints, transportation plans, circulation, parking requirements, visibility, etc.

5. Specific Construction activity including any work within waters/wetlands

(a) Areas of WETLAND/WATERWAY impact (sf)

(b) Volume of removal and/or fill (cy) per area

(c) Minimization efforts (erosion control, best management practices)

(d) Type of equipment

(e) Any special techniques proposed

(f) Source of fill material

(g) Disposal locations

(h) Construction timeline – start/end date

6. Storm Water Management Plan –

MUST MEET DEQ and NMFS SLOPES STANDARDS

Have your engineer design the storm water facility to meet the most stringent criteria. Below are DEQ's requirements

7. Adjacent property owner information

Names and addresses for all properties directly adjacent to project site and mitigation site.

Includes properties across a stream or road

DEQ's Stormwater Management Plan Requirements:

Tier 1 – Communities permitted under a National Pollution Discharge Elimination Strategy (NPDES), Phase 1 or II Municipal Separate Sanitary and Stormwater System (MS4) and discharging to the municipal system. If the applicant does not plan to discharge into the permitted municipal system, they must move to Tier 2 or Tier 3;

Tier 2 Communities without NPDES permits – stormwater system (MS4) and total site disturbance less than one acre.

Tier 3 Outside MS4 areas, and total site disturbance one acre or greater.

Documentation Required- The above described Tiers 1, 2 and 3 require the following documentation to demonstrate that stormwater will be managed to attain compliance with state water quality standards. Failure to provide the described documentation removes the project from SPGP eligibility.

- A. Tier 1 Projects – Require a letter from the MS4 Phase I/II municipality that the stormwater discharged from the project site will be accepted into the municipal system, or a statement from the applicant that a request has been submitted to the municipality to accept project stormwater. Projects may receive a provisional permit from DSL which will become final only with proof of approval of stormwater acceptance by the Phase I/II municipality.
- B. Tier 2 Projects – The applicant must submit a *Stormwater Management Plan* for Tier 2 projects which includes the following elements:
1. A site sketch or plan view drawing indicating the drainage flow directions, and discharge locations, contours or spot elevation (preferably both) showing direction of stream and surface flow and location and size of proposed facilities (e.g., parking lots, driveways buildings, or roads) and nearest downstream water body, other physical features of the site, and the location and type of construction and post-construction Best Management Plans (BMPs)
 2. A description of proposed BMPs to insure adequate capacity, proper function, and appropriate design for the site such that quality, quantity, and seasonality of pre-construction hydrologic conditions are mimicked, based on anticipated stormwater generation due to new impervious surfaces;
 3. A BMP implementation schedule, operation and maintenance plan, and designation of a party or agency responsible for post-construction BMP maintenance, and,
 4. A plan for removal, recycling and disposal of temporary BMPs which are not intended for post-construction use.
- C. Tier 3 Projects – Requirements for Stormwater management Plans for Tier 3 projects:

1. The applicant must submit a *Stormwater Management Plan* for Tier 3 projects which includes all requirements stated in Tier 2, (1 – 4 above, and;
 2. The *Stormwater Management Plan* must contain calculations for the amount of stormwater generated from new impervious surfaces resulting from site construction using one of the DEQ-approved Stormwater Manuals;
 3. The applicant must submit an erosion prevention and sediment control plan to DEQ or it's designated agent to obtain a 1200-C, or 1200-CA permit if soil disturbance occurs over one acre or more during construction activities (including but not limited to clearing, grading, stockpiling, filling, earthwork, excavation, development, building, demolition, and other ground disturbing or denuding activities). See new application guidance for the NPDES General Stormwater Discharge Permits, 1200-CA for municipalities an 1200-C for others at:
<http://www.deq.state.or.us/wq/wqpermit/StormWaterFeesTable.htm>
1. The NPDES 1200-C permit must be retained on-site during construction;
 2. If engineered structural BMPs are incorporated into the stormwater management plan they must be approved by a professional engineer; and,
 3. The applicant must submit a copy of the *Stormwater Management plan* for Tier 3 Projects to both DSL and DEQ when the permit application is submitted.

To be eligible for SPGP authorization, the applicant must show that he has:

- Avoided or managed project-related adverse stormwater effects to waters of the state.
- Minimized the amount of new impervious surfaces to no more than is required to meet project goals.
- Taken advantage of opportunities to protect or restore permeable surfaces and native vegetation.

B. Stormwater Management References:

Compliance with State Water Quality Standards and Beneficial Uses published in OAR 340-041-0001 through 0975 requires that individual discharges to waters of the state not violate those standards.

DEQ has developed an erosion and sediment control manual which addresses construction stormwater management. Additionally, DEQ endorses several local and regional references which describe acceptable means to manage stormwater from both construction and post-construction sites such that the discharge of properly managed waters does not constitute a violation of state water quality standards. Contact Christine Svetkovich of DEQ for specific information on suitable manuals (503) 229-5046.

**Personal Services Contract
For Services Under \$50,000**

1. This Contract is entered into between the Port of Hood River ("Port") and Vista GeoEnvironmental Services LLC ("Contractor"). Contractor agrees to perform the Scope of Work described in attached Exhibit A to Port's satisfaction for a maximum consideration of \$_____with reasonable reimbursable expenses. Port shall pay Contractor in accordance with the schedule and/or requirements in attached Exhibit A.
2. This Contract shall be in effect from the date at which every party has signed this Contract through October 1, 2016. Either Contractor or Port may terminate this Contract in the event of a breach of the Contract by the other. Port may terminate this Contract for any reason by giving 15 days written notice to Contractor at Contractor's address listed below. If Port terminates this Contract, Contractor shall only receive compensation for work done and expenses paid by Contractor prior to the Contract termination date.
3. All work products of the Contract, which result from this Contract, are the exclusive property of Port. Port shall have access to all books, documents, papers and records of Contractor which relate to this Contract for purpose of making audit, examination, excerpts, and transcripts for a period of three years after final payment.
4. Contractor will apply that skill and knowledge with care and diligence to perform the work in a professional manner and in accordance with standards prevalent in Contractor's industry, trade or profession. Contractor will, at all times during the term of the Contract, be qualified, professionally competent, and duly licensed to perform the work.
5. Contractor certifies that Contractor is an Independent Contractor as defined in ORS 670.600 and shall be entitled to no compensation other than that stated above.
6. Contractor shall indemnify, defend, save, and hold harmless Port, its Commissioners, officers, agents, and employees from all claims, suits, or actions of whatsoever nature resulting from or arising out of the activities of Contractor or its subcontractors, agents or employees under this Contract. Contractor shall provide insurance in accordance with attached Exhibit B.
7. This Contract may be executed in any number of counterparts, and any single counterpart or set of counterparts signed, in either case, by all parties hereto shall constitute a full and original instrument, but all of which shall together constitute one and the same instrument.
8. This Contract shall be governed by the laws of the State of Oregon and any litigation involving any question arising under this Contract must be brought in the Circuit Court in Hood River County, Oregon. If any provision of this Contract is found to be illegal or unenforceable, this Contract shall remain in full force and effect and the provision shall be stricken.
9. Contractor shall adhere to all applicable federal, state, and local laws and regulations, including those governing its relationship with its employees.
10. This Contract contains the entire agreement between Contractor and Port and supersedes all prior written or oral discussions or agreements. Any modification to this Contract shall be reduced to writing and signed by the Contractor and Port. Contractor shall not assign this Contract or subcontract its work under this Contract without the prior written approval of Port.
11. The person signing below on behalf of Contractor warrants they have authority to sign for and bind Contractor.

**Personal Services Contract
Exhibit A**

I. SCOPE OF WORK:**Location: Hood River Airport, N. Ramp area**

Summary: The N. Ramp location has wetlands that need to be remediated in order to fully develop the ramp and Fixed Based Operator area (See attached Exhibit C). This contract covers the work required in attached Scope of Work (Exhibit D).

II. DELIVERABLES AND TIMEFRAME:

The deliverable(s) covered under this Contract shall be: Grading design drawings and permit set for wetland permit application.

The due dates for the deliverable(s) shall be: October 1, 2016

III. CONSIDERATION:

Hourly rates under this Contract shall be: See attached rate schedule.

Reimbursables under this Contract shall be additional time with DSL if additional information is requested. All reimbursable over \$100 shall be discussed with the Port.

IV. BILLING AND PAYMENT PROCEDURE:

The Contractor shall submit to the Port for payment an itemized invoice in a form and in sufficient detail to determine the work performed for the amount requested. The invoice shall contain at a minimum:

- Invoice date
- Contract project title
- Record of hours worked and a brief description of activities
- Billing rate applied
- Description of reimbursable items

Invoices may be submitted monthly, or at such other interval as is specified below:

The Port shall process payment in its normal course and manner for Accounts Payable, net 30 days.

Exhibit B**

INSURANCE

Contractors, please send this to your insurance agent immediately.

During the term of this Contract, Contractor shall maintain in force at its own expense, each insurance noted below:

- 1. Workers' Compensation insurance in compliance with ORS 656.017, which requires subject employers to provide Oregon workers' compensation coverage for all their subject workers. (Required of contractors with one or more employees, unless exempt order ORS 656.027.)

Required and attached OR _____ Contractor is exempt

Certified by Contractor: _____
Signature/Title

- 2. Commercial General Liability insurance on an occurrence basis with a limit of not less than \$1,000,000 each occurrence for bodily injury and property damage and \$2,000,000 general aggregate. The Liability Insurance coverage shall provide contractual liability. The coverage shall name the Port of Hood River and each of its Commissioners, officers, agents, and employees as Additional Insured with respect to the Contractor's services to be provided under the Contract.

Required and attached Waived by Finance Manager _____

- 3. Automobile Liability insurance with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage, including coverage for owned, hired, or non-owned vehicles, as applicable.

Required and attached Waived by Finance Manager _____

- 4. Professional Liability insurance with a \$1,000,000 per claim and \$1,000,000 in the aggregate for malpractice or errors and omissions coverage against liability for personal injury, death or damage of property, including loss of use thereof, arising from the firm's acts, errors or omissions in any way related to this Contract.

Required and attached Waived by Finance Manager _____

- 5. **Certificate of Insurance.** As evidence of the insurance coverage required by this Contract, the Contractor shall furnish acceptable insurance certificates to the Port at the time Contractor returns the signed Contract.

The General Liability certificate shall provide that the Port, its Commissioners, officers, agents, and employees are Additional Insured but only with respect to the Contractor's services to be provided under this Contract.

Endorsement CG 20 10 11 85 or its equivalent must be attached to the Certificate. The Certificate must contain a standard 30 day notice of cancellation clause which guarantees notification in writing to the Certificate Holder (Port of Hood River). Insuring companies or entities are subject to Port acceptance. If requested, complete copies of the insurance policy shall be provided to the Port. The Contractor shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.
