

Clarification No. 1

Solicitation for Miscellaneous Truss & Steel Repairs Port of Hood River 1000 East Port Marina Drive Hood River OR, 97031

Issued: March 1, 2019.

Bid Opening Date: March 19, 2019.

Pre- Bid Walk through: March 5, 2019.

This Clarification is to:

- A) Ensure all contractors are following through with registration for the project so everyone gets clarifications, addendums and cancelations.
- B) A description of what will take place during the pre-bid walk through scheduled for March 5, 2019 at 10:00am as follows.
- C) The walk-through will begin in our office with a round table discussion and we will accept questions. All questions and answers will be written down and posted on our project site for all contractors to read. We will then go out on the bridge, so contractors can see the project first hand and the issues specific to the narrow lanes of the Hood River Interstate Bridge. This will also allow the contractors an opportunity to address how they will access the work. Any questions presented while on the bridge will also be posted.
- D) All project questions must be submitted via email to John Mann at jmann@porofhoodriver.com. These questions and the answers will be posted on the project page, so all contractors registered for the project have access to them.

All Bidders shall acknowledge receipt of this addendum on the "Bid Form Page" line 4 of the construction plans. Failure to do so may result in an irregular proposal and will be rejected. This addendum will be incorporated in the contract when awarded and when formally executed.
